

Onan

Industrial Business Group Worldwide Warranty

**Commercial/Industrial
Generator Sets and Systems**

Limited Warranty

BASE COVERAGE

Coverage Period

This is a limited warranty which applies to all Onan and Cummins brand Industrial generator sets and associated switches, switchgear, and accessories (hereinafter referred to as "Products".) Cummins/Onan Products will be free from defects in material and workmanship for a period of one year* from the date of initial start-up of the Product. In the case of units used for rental or demonstration purposes, the one year coverage period begins on the date the unit is first used for such rental or demonstration purposes. This warranty is extended to all subsequent owners of the unit during the coverage period.

Repair or replacement parts are warranted for ninety (90) days from date of purchase, excluding labor and travel expenses.

*Two year coverage is available for gensets/systems used exclusively for emergency standby power applications. See your participating Distributor for registration details.

Onan's Responsibilities

Onan's liability and owner's sole remedy are limited to the repair or replacement, at its option, of the Product or parts that do not conform to this warranty.

In accordance with Onan's Warranty Administration policies, Onan will pay for the parts and labor required to repair the unit and, when necessary, reasonable labor expenses associated with the removal and reinstallation of the Product if such work is done by an authorized Cummins/Onan Distributor or designated service representative.

In accordance with Onan's Warranty Administration policies, Onan will pay reasonable travel expenses for mechanics to and from the equipment site when necessary to make on-site repairs.

The cost of maintenance items such as oil, filter elements, belts, and hoses will be paid for by Onan when such items are not reusable because of the warrantable failure.

Owner's Responsibilities

The owner is obligated to install, operate and maintain the Product in accordance with the recommendations published by Onan. The owner is responsible for the costs associated with such maintenance and any adjustments which may be required.

Prior to expiration of the applicable warranty and within 30 days after discovery of the warrantable failure the owner must notify an authorized Cummins/Onan Distributor or designated repair facility of any warrantable failure and have the repair or replacement made by such facility.

Installation inspection and initial start-up of Commercial-Industrial genset or power systems must be conducted by an authorized Cummins/Onan distributor, or designated representative.

The owner is responsible for payment of any of the following expenses that might be incurred as a result of a failure under the terms of this warranty:

1. Rental equipment used to replace the equipment being repaired, other downtime expenses, and all business costs and losses.
2. Telephone, communication, living and travel expenses incurred by the owner.
3. The premium costs for overtime labor requested by the owner.
4. The cost of air freight or other extraordinary expenses for shipment of parts over and above premium surface transportation.
5. Any other consequential or incidental amounts.

Limitations

Onan is not responsible for the repair or replacement of units required because of normal wear, accident, misuse, abuse, improper installation, lack of maintenance, unauthorized modifications, improper storage, negligence, improper or contaminated fuel, or use of parts not approved by Onan.

NORMAL WEAR:

This warranty will not cover repair where normal use has exhausted the life of a part or product. All mechanical devices need periodic parts replacement and service to perform well.

It should be remembered that the service life of any product is dependent on the care it receives and the conditions

under which it has to operate. Coolant heaters will be covered for a period of one year from date of start-up. This warranty shall not apply to starting batteries.

THERE IS NO OTHER EXPRESS WARRANTY, AND NO PERSON IS AUTHORIZED TO GIVE ANY OTHER WARRANTIES OR TO ASSUME ANY OTHER LIABILITIES ON ONAN'S BEHALF UNLESS MADE OR ASSUMED IN WRITING BY AN OFFICER OF ONAN.

IMPLIED WARRANTIES INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE PERIODS OF COVERAGE SET FORTH ABOVE, AND TO THE EXTENT PERMITTED BY LAW, ANY AND ALL IMPLIED WARRANTIES ARE EXCLUDED. IN NO EVENT IS ONAN LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

This warranty gives the owner specific legal rights. The owner may also have other rights which vary depending on local laws. In some areas, local laws do not allow limitations

on how long an implied warranty lasts or do not allow the exclusion of incidental or consequential damages, so the above limitations may not apply to you.

EXTENDED COVERAGE

Features

Several levels of Extended Coverage are available on Industrial Products: Comprehensive, Basic, Major Components and Prime Power. Major Components and Prime Power Extended

Coverage programs are available only in the United States and Canada. Onan provides total system component coverage. There are NO deductibles applied to these programs.

Coverage Period

Emergency Standby Applications: Both Comprehensive and Basic Extended Coverage is available for gensets/systems used exclusively for emergency standby applications, for 5 years or 1500 hours, whichever occurs first, from date of initial start-up. Major Component Extended Coverage is also available for diesel gensets/systems rated at 200 kW/60 hz and

above, for 10 years or 3000 hours, whichever occurs first, from date of initial start-up. See your Distributor for details.

Prime Power Applications: Extended Coverage is available for diesel gensets used in prime power applications, for 2 years or 6000 hours, whichever occurs first, from date of initial start-up. See your Distributor for details.

Onan's Responsibilities

Comprehensive Extended Coverage incorporates the identical features contained in the Base Warranty, subject to the above coverage period limitations.

Basic Extended Coverage provides only replacement parts as specified under the Base Warranty. Labor to remove/replace the failed warrantable part is covered as specified in the Base Warranty for 2 years from date of initial start-up.

Major Components Extended Coverage incorporates the identical features contained in Basic Extended Coverage up

to year 5 or 1500 hours. In years 6 through 10, or hours beyond 1500, up to 3000, Major Components Extended Coverage provides only replacement parts for the following major components: Engine - cylinder block, camshaft, crankshaft, connecting rods, and flywheel; Alternator - main rotor, main stator, and drive disk; Transfer Switch - actuator motor and main contacts; and Switchgear - buswork and main circuit breaker.

Prime Power Extended Coverage provides replacement parts and labor to remove/replace the failed warrantable part as specified in the Base Warranty.

Owner's Responsibilities

Under Comprehensive Extended Coverage owner responsibilities are identical to those noted under the Base Warranty.

Under Basic Extended Coverage the owner is responsible for all expenses beyond the Base Warranty period except the cost of the failed warrantable part and the labor to remove/replace such failed part through the second year, as specified in the Base Warranty.

Under Major Components Extended Coverage the owner responsibilities are identical to those listed under Basic Extended Coverage up to year 5 or 1500 hours, whichever occurs first. In years 6 through 10 or hours exceeding 1500, up

to 3000, the owner is responsible for all expenses except the cost of the failed warrantable major component as specified under Onan's Responsibilities.

Under Prime Power Extended Coverage the owner is responsible for all expenses beyond the Base Warranty period except the cost of the failed warrantable part and the labor to remove/replace such failed part as specified in the Base Warranty.

For all Extended Coverage programs, the owner is responsible for providing written documentation showing that the product has been maintained in accordance with Onan's published recommendations.

Limitations

5 and 10 year Extended Coverage applies only to Cummins/Onan brand gensets and systems used exclusively in emergency standby power applications. 10 year Extended Coverage applies only to Cummins/Onan brand diesel gensets rated 200 kW/60 hz and above.

2 year Prime Power Extended Coverage applies only to Cummins/Onan brand diesel gensets and packages, including set mounted controls.

Gensets/systems must be registered within the Base Warranty period.

10 Year Major Components and 2 Year Prime Power Extended Coverage programs are available only in the United States and Canada.

ALL LIMITATIONS OF BASE WARRANTY ALSO APPLY TO EXTENDED COVERAGE.
